ANNUAL OPERATING BUDGET IMPACT (\$000)

DESCRIPTION

The Advance Reforestation project is to support ongoing and future CIP highway construction projects. Reforestation areas under this project include the Tridelphia Reservoir property owned by the Washington Suburban Sanitary Commission (WSSC) and other potential sites around the County where trees will be planted at the rate of seven to ten acres per year in advance of individual project needs. The project also provides for maintenance of the trees for three years after planting is completed. An agreement between the County, WSSC, and Maryland-National Capital Park and Planning Commission (M-NCPPC) currently provides approximately 47 acres for reforestation.

JUSTIFICATION

Reforestation is required by Chapter 22A, Montgomery County Code, Forest Conservation - Trees, enacted in 1992. The purpose of this law is to implement the Maryland Forest Conservation Act of 1991. Due to limited right-of-way widths, areas suitable for reforestation are not usually available within typical roadway project limits. Therefore, it is desirable to plant at suitable off-site areas using appropriate reforestation techniques in advance of individual project needs.

Plans and Studies

Planting plans on five to ten acre plots will be developed for M-NCPPC approval.

Cost Change

Increase due to addition of FY07 through FY08 to this project.

STATUS

Ongoing.

OTHER

Current reforestation plans are for the following projects:

Germantown Road Extended-FY05	Nebel Street Extended-FY06
Valley Park Drive-FY06	Stringtown Road-FY06
Woodfield Road Extended-FY07	Multi-Agency Driver Training Facility and Public Safety Training Academy-FY07
Brookville Service Park-FY08	Fairland Road-FY08
Montrose Parkway West-FY08	

Future Candidate Projects Include:

Facility Planning: Transportation	Longdraft Road
Father Hurley Boulevard	Deerpark Bridge
Chapman Road	Montrose Parkway East
Quince Orchard Road	Goshen Road South
Citadel Avenue Extended	

FISCAL NOTE

Funds may also be transferred from other CIP projects with budgeted funds for reforestation.
